COMPANY PROFILE

About ELSEWEDY ELECTRIC

A global leader that has evolved from a local manufacturer of electrical products into a giant provider of integrated infrastructure solutions, delivering complex EPC turnkey projects and exporting a wide range of high-end products to over 100 countries.

We drive sustainable energy transition and smart development across regions, committed to environmental responsibility and future-focused solutions.

Global Presence

34 PRODUCTION FACILITIES

ELSEWEDY ELECTRIC OPERATE IN SIX KEY BUSINESS SECTORS

COMPLETE SOLUTIONS.

ONE TRUSTED PARTNER.

Elsowedy Electric Building Solutions, the trading arm of Elsewedy Electric Group, delivers advanced Heavy Equipment, MEP, and Integrated Smart Solutions with a focus on performance and reliability.

Backed by a diversified portfolio and strong global partnerships, we provide tailored, end-to-end solutions that meet international standards and support evolving client needs.

MACHINERY	MEP	INTEGRATED SMART SOLUTIONS
 HEAVY EQUIPMENT Comprehensive portfolio of advanced machinery solutions.	 COOLING & HEATING Efficient HVAC solutions for optimal comfort and performance.	
 POWER GENERATION Reliable power solutions for continuous, backup, and renewable energy needs.	 COPPER TUBES High-quality copper tubes for various applications.	 BUILDING AUTOMATION & SMART INFRASTRUCTURE Smart systems for efficient building management.
 SUSTAINABLE POWER SOLUTIONS High-efficiency solar modules for reliable & sustainable energy	 VERTICAL TRANSPORTATION Safe and reliable elevator and escalator systems.	 INTELLIGENT BUILDING SOLUTIONS Integrated solutions for connected buildings.
	 WATER INFRASTRUCTURE SOLUTIONS End-to-end solutions for water transfer, irrigation, and fire protection.	

OUR PURPOSE

1 **MISSION**

To power progress across industries by delivering integrated, high-performance solutions that combine advanced technologies, proven expertise, and execution excellence. Driving efficiency, enhancing performance, and creating sustainable value for our customers

2 **VISION**

To lead the region in integrated solutions, setting new standards in innovation, performance, and engineering excellence across industries.

Sustainable Power Solutions

Our Sustainable Power Solutions delivers innovative solar solutions that enable a cleaner, smarter, and more sustainable energy future. From high performance C&I renewable energy stations, Residential and agricultural Solar modules to Portable Energy Solar units, we provide reliable and efficient technologies designed to meet evolving energy needs and empower customers with smarter ways to generate and use clean energy.

3 INTEGRATED SMART SOLUTIONS

One Intelligent Ecosystem. Total Building Control

Enabling the next generation of intelligent buildings through an integrated portfolio of smart technologies designed to optimize performance, strengthen security, improve energy efficiency, and elevate occupant experiences. Built on innovation and seamless connectivity, the portfolio delivers scalable, future-ready infrastructure for modern built environments.

BUILDING AUTOMATION & SMART INFRASTRUCTURE

Delivering advanced building automation solutions that optimize performance, improve energy efficiency, and enable safer, more sustainable buildings.

BMS

KNX

Siemens Fire Alarm & Fire Fighting Systems

Billing Solutions

Security Systems

Cloud Solutions

Critical Environment

Siemens Metering

BUILDING AUTOMATION & SMART INFRASTRUCTURE

INTEREL enhance guest comfort and operational efficiency with intelligent room automation solutions that provide seamless control of lighting, climate, shading, and guest services. Combined with advanced energy optimization and premium customized control interfaces, the portfolio delivers a smarter, more sustainable hospitality experience.

FLAT 2 SERIES

Smart thermostats with seamless lighting control.

EOS 2

Cost-effective enterprise thermostat with real-time IoT integration.

ETERNA

Crafted from premium metal for seamless room control.

INTELLIGENT BUILDING SOLUTIONS

All in one Bundle, Controlled By One App
