About ELSEWEDY ELECTRIC

A global leader that has evolved from a local manufacturer of electrical products into a giant provider of integrated infrastructure solutions, delivering complex EPC turnkey projects and exporting a wide range of high-end products to over 100 countries.

We drive sustainable energy transition and smart development across regions, committed to environmental responsibility and future-focused solutions.

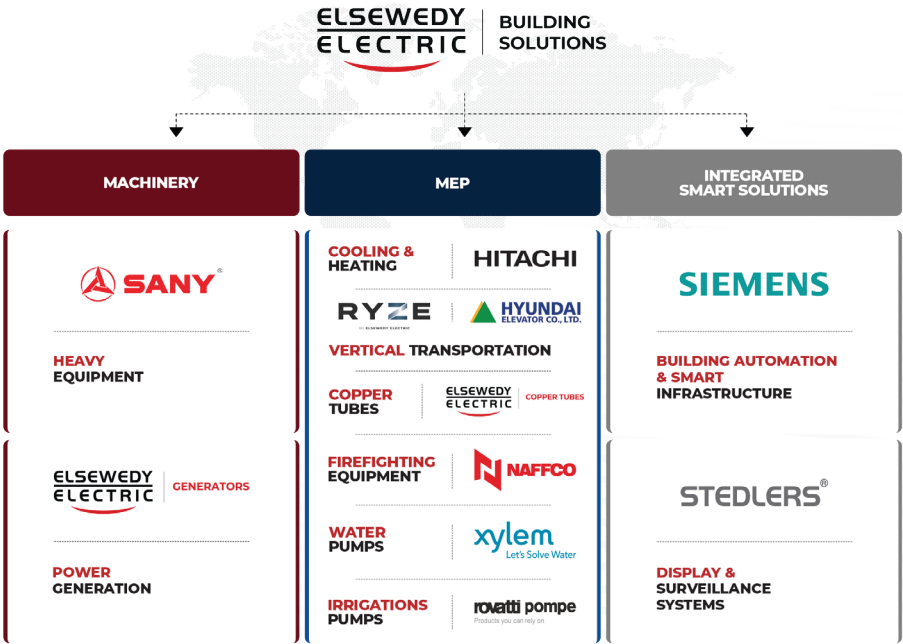

ELSEWEDY ELECTRIC OPERATE IN SIX KEY BUSINESS SECTORS

About ELSEWEDY ELECTRIC BUILDING SOLUTIONS »»» »»» »»»

Elsewedy Electric Building Solutions, the trading arm of Elsewedy Electric Group, delivers advanced Heavy Equipment, MEP, and Integrated Building Solutions with a focus on performance and reliability. Backed by a diversified portfolio and strong global partnerships, we provide tailored, end-to-end solutions that meet international standards and support evolving client needs.

Smart Pumps Technology

As an authorized partner and distributor of top global OEMs, Elsewedy Electric Building Solutions delivers pumps solutions that ensure reliability, efficiency, and long-term performance. Serving segments including Commercial Building Services (CBS) & Water Utilities, Fire & Safety, and Agriculture & Irrigation, our systems support municipal, industrial, and agricultural operations with trusted technologies.

We combine proven engineering, advanced components, and expert service to provide fully integrated solutions that meet the demands of modern infrastructure and sustainable growth.

A leading provider of Irrigation & Water Utility Solutions

Rovatti is a trusted European brand renowned for its high-performance bore hole and surface pumps & motors. Committed to delivering efficiency, durability, and energy-saving solutions, the company provides reliable water management technologies widely used in agricultural, industrial, and large-scale irrigation projects. Its equipment is designed for easy maintenance, long service life, and consistent performance to ensure smooth operations.

In partnership with Elsewedy Electric Building Solutions, Rovatti delivers efficient and reliable pumping solutions. By combining global expertise with local support, this collaboration ensures energy-efficient, durable, and easy-to-maintain systems that promote sustainable agricultural growth.

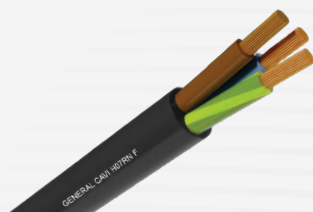

SUBMERSIBLE BOREHOLE PUMPS & END SUCTION PUMPS (ROVATTI):

- SUB Borehole Pumps (Cast Iron), sizes from 6" to 16"
- SUB Borehole Pumps (Stainless Steel), sizes from 6" to 16"
- End Suction Pumps – EN733 standard

SUBMERSIBLE MOTORS:

- Rovatti Submersible Motors – Full SS316 construction with PE2 + PA insulation
- Franklin Submersible Motors, sizes from 6" to 14"

COMPLEMENTARY PRODUCTS:

- General Cavi rubber-insulated cables compliant with European standard HO7RN-F
- Control Panels: DOL, Star-Delta (S/DATS, Soft Start / Soft Stop)
- Flanged steel riser pipes (4"-6"), wellheads, and related accessories

A Trusted name in Fire Protection

NAFFCO, founded in Dubai, UAE, is a global leader in life safety solutions. Committed to delivering convenience and reliability, the company offers a comprehensive range of top-quality firefighting equipment, advanced fire protection and alarm systems, addressable emergency and security solutions, all under one roof. Their expertise extends to custom-built vehicles, including fire trucks, ambulances, mobile hospitals, and specialized airport rescue firefighting vehicles (ARFF), providing complete, trusted safety solutions tailored to the needs of the fire and safety sector.

Product Portfolio:

FIRE FIGHTING NETWORK COMPONENTS

- Pipes, Fittings, Valves
- Fire Extinguishers
- Fire Hose Cabinets
- Sprinklers
- Fire Alarms & Smoke Detectors
- Fire Hydrants
- Civil Defense Connections

FIRE FIGHTING PUMPS

- UL Listed / FM Approved
- Flow range: 250 – 8,000 USGPM
- Types: End Suction, Split Case, Vertical Turbine Pumps

FIRE SUPPRESSION GASES

- CO2 Suppression System for Electrical Substations
- FM200 Suppression System for Server Rooms

FOAM EQUIPMENT & CONCENTRATES

FIRE DOORS

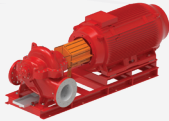

A global leader in Water Technology

Xylem is a leading global water technology company dedicated to solving the world's most critical water and wastewater challenges through innovative and sustainable solutions. In collaboration with Elsewedy Electric Building Solutions, Xylem brings cutting-edge technologies to a wide range of sectors through its renowned brands: Lowara (pumps and systems for building services and industrial use), Bell & Gossett (HVAC solutions), and AC Fire Pump (advanced fire protection systems), serving the Commercial Building Services (CBS) and Water Utility segments.

AC FIRE PUMP
a xylem brand

AC Fire Pump systems design and custom build a wide range of fire pump products for commercial and industrial applications.

PRODUCTS:

Split case pumps, End suction pumps and In Line pumps

PERFORMANCE & STANDARDS:

- Available in capacities up to 3,000 GPM
- Pressure up to 255 PSI
- In compliance with NFPA #20, UL listed, FM approval and ANSI standard
- Available in electric and diesel engine driven models
