GENERATORS

POWERING YOUR OPERATIONS WITH CONFIDENCE

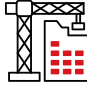

At Elsewedy Electric, we understand that reliable power is essential for business continuity. Our generator solutions are engineered to deliver dependable performance, fuel efficiency, and long-term reliability across industrial, commercial, and construction applications. Built to meet the demands of challenging environments, Elsewedy Electric generators provide uninterrupted power whenever and wherever it is needed. Backed by expert technical support, after sales service, and flexible financing options, our generators empower organizations to operate with confidence and keep moving forward no matter the challenge.

ABOUT ELSEWEDY ELECTRIC

Elsewedy Electric is a global infrastructure solutions provider with over 19,000 employees and revenues of over USD 5.13 billion in 2024. We operate in six key business sectors and have a strong presence in 19 countries with 34 production facilities. We export to over 100 countries worldwide. We offer an all-in-one integrated Engineering, Procurement & Construction (EPC) service, enabling us to deliver the most complex turnkey projects. We are committed to facilitating the global transition toward a sustainable energy future and to driving decarbonization, digitalization, and sustainable transition in Egypt and beyond. Our growth has been driven by hiring talents and empowering businesses and communities where we operate. We enable customers to digitize and meet the challenges of an ever-changing world.

WE OPERATE IN SIX KEY BUSINESS SECTORS

 WIRES, CABLES & ACCESSORIES	 ELECTRICAL PRODUCTS	 ENGINEERING & CONSTRUCTION	 INFRASTRUCTURE INVESTMENTS	 DIGITAL SOLUTIONS	 ELSEWEDY MACHINERY

✓ **60** OPERATION COUNTRIES

✓ **100** EXPORTING COUNTRIES

ELSEWEDY ELECTRIC GENERATORS

Elsewedy Electric generators are engineered to deliver dependable power across a wide range of segment applications. Our portfolio features diesel generator sets powered by globally trusted engines from Perkins and Cummins, ensuring exceptional efficiency, durability, and long-term reliability. With over 80 years of manufacturing excellence, Elsewedy Electric produces high quality generators designed to meet diverse operational needs. Our range includes both standby generators for emergency backup and prime power generators for continuous operation. Serving residential, commercial, industrial, agricultural, mining, and critical infrastructure sectors, our generators are available in a wide spectrum of power ratings. Proudly manufactured in Egypt, Elsewedy Electric generators combine robust construction, ease of maintenance, and consistent high performance even in the most demanding environments.

PRODUCT RANGE

Elsewedy Electric provides reliable, efficient diesel generator solutions designed to meet diverse power needs.

PARAMETER	DETAILS
Power Range	09 - 2750 kVA
Frequency	50 / 60 Hz
Voltage	220V - 480V (Customizable)
Power Factor	0.8
Engine Brands	Cummins / Perkins
Alternator	Stamford / Leroy Somer
Cooling System	Water-cooled
Fuel Type	Diesel
Starting System	Electric starter (battery)
Control Panel	Deep Sea
Enclosure	Open / Silent
Compliance	ISO Standards

PRIME POWER GENERATORS 50Hz & 60Hz

09 to
2500
kVA

KEY FEATURES:

- Suitable for off grid and remote applications
- Heavy duty performance for long running hours
- Fuel efficient and reliable under constant load
- Available in open and silent (canopied) versions

STANDBY POWER GENERATORS 50Hz & 60Hz

10 to
2750
kVA

KEY FEATURES:

- Automatic start and fast response
- Reliable emergency backup power
- Ideal for critical and sensitive applications
- Low maintenance and high dependability
- Available in open and silent (canopied) versions

ALTERNATOR SOLUTIONS

LEROY-SOMER	STAMFORD
High efficiency & compact design	Proven global reliability
Excellent voltage regulation	Stable and consistent power output
Strong motor starting capability	Strong voltage stability under load changes
Reliable performance in harsh conditions	Widely available service & spare parts

POWERED GENERATORS

PERKINS POWERED GENERATORS

- Suitable for off grid and remote applications
- Provides reliable power for standby & prime applications
- Known for fuel efficiency and low operating cost
- Easy maintenance with minimal downtime
- Durable and long lasting performance

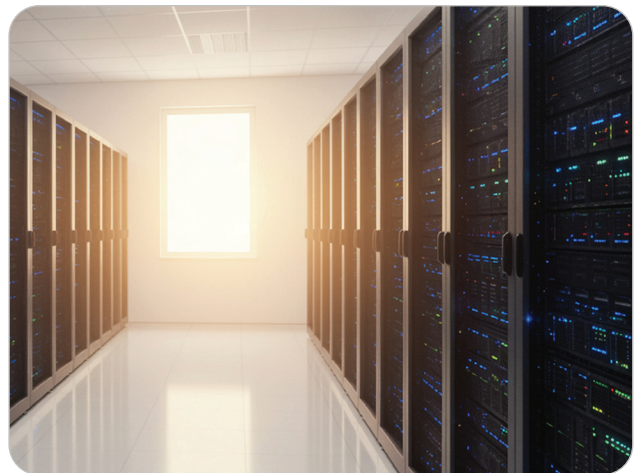

CUMMINS POWERED GENERATORS

- Global leader in generator and power generation solutions
- Diesel generator sets for standby and prime power applications
- High fuel efficiency and optimized performance
- Advanced control systems for stable and continuous power supply
- Reliable, high performance generators

POWERED BY **GLOBALLY TRUSTED ENGINES**

Our generator sets are powered by world class engines from Perkins and Cummins, ensuring superior performance, durability, and efficiency.

SEGMENTS WE EMPOWER

MINING

AGRICULTURE

HOSPITALITY

REAL ESTATE

HEALTHCARE

DATA CENTERS

AFTERSALES & SUPPORT

- **After sales service for optimal performance.**
- **Preventive & corrective maintenance to ensure uptime.**
- **Genuine spare parts for quick replacement.**
- **Expert technical support with fast response.**
- **Ongoing troubleshooting and support.**
- **Flexible service contracts tailored to customer needs.**

Why Choose

ELSEWEDY GENERATORS?

- Built to international quality and performance standards.
- Powered by Cummins & Perkins Engine technologies.
- Wide range for all standby and prime applications.
- Strong local service network with fast support.
- Proven reliability in critical operations.
